

Introduction

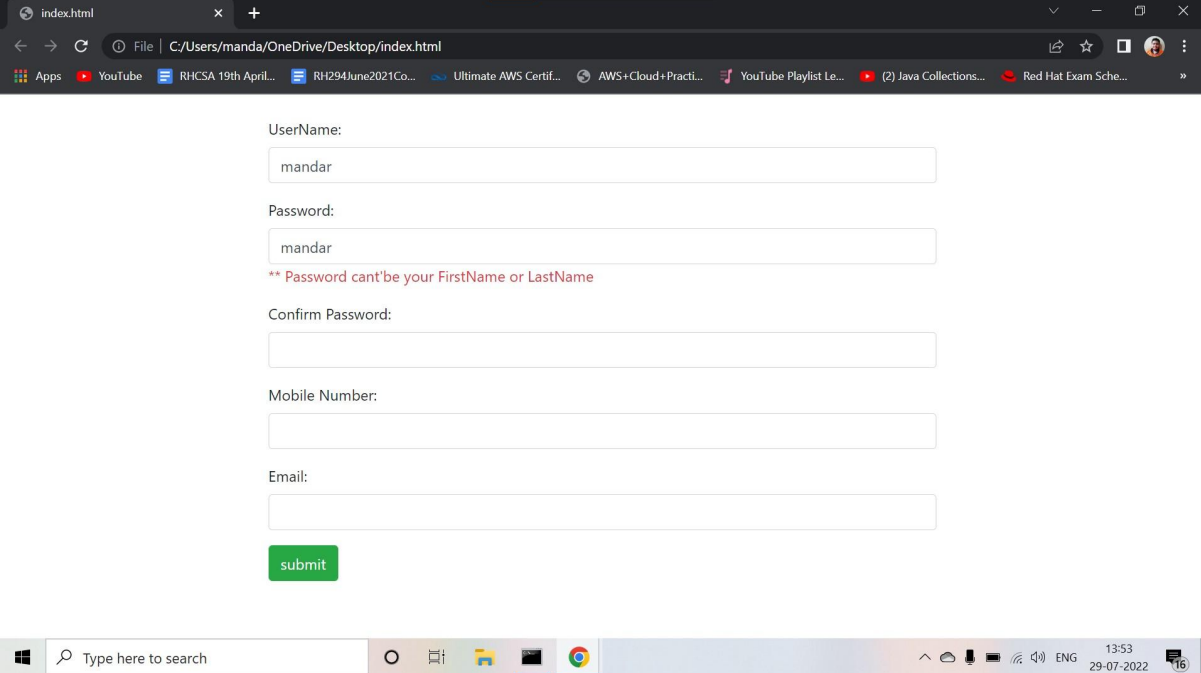

Courseme is the platform where we can learn multiple skills.

There are multiple free courses are available and many paid courses are available too.

Courses are taught by well educated faculty. Thats why the courses on our COURSEME site are best if you want to land to good job.

Validation of signup form.

password can't be same as username

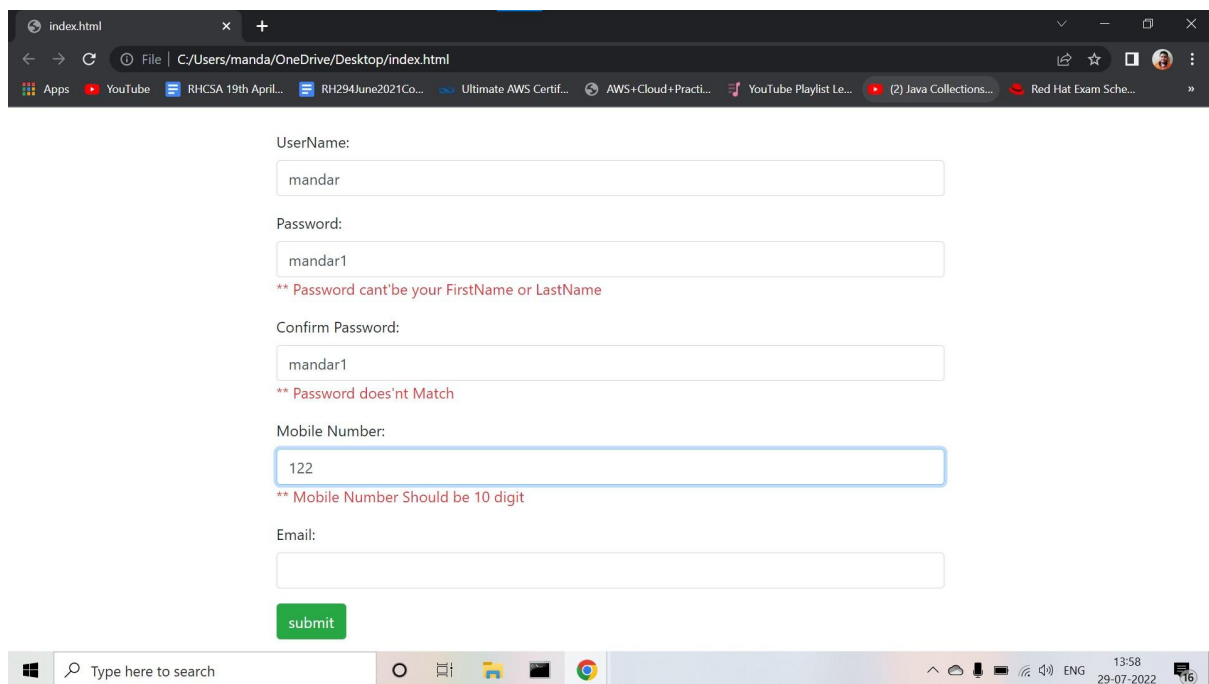

The screenshot shows a web browser window with a dark theme. The address bar shows the file path `C:/Users/manda/OneDrive/Desktop/index.html`. The browser's tab bar contains several tabs, including 'index.html', 'Apps', 'YouTube', and others. The main content area displays a signup form with the following fields and labels:

- UserName:** A text input field containing the value 'mandar'.
- Password:** A text input field containing the value 'mandar'.
- Confirm Password:** An empty text input field.
- Mobile Number:** An empty text input field.
- Email:** An empty text input field.

Below the Password field, there is a red error message: **** Password cant'be your FirstName or LastName**. At the bottom of the form is a green button labeled 'submit'.

The Windows taskbar is visible at the bottom of the screen, showing the search bar, task view button, and several pinned application icons. The system tray on the right indicates the time as 13:53 on 29-07-2022.

Password should match to confirm password.

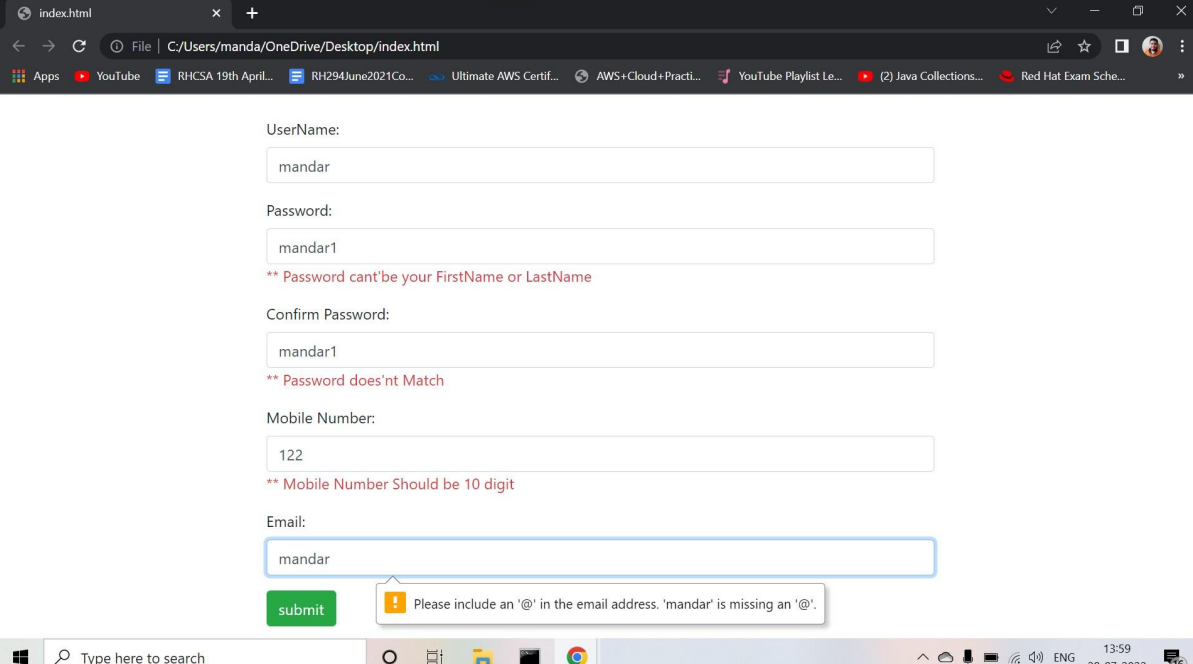

The screenshot shows a web browser window with a dark theme. The address bar shows the file path `C:/Users/manda/OneDrive/Desktop/index.html`. The browser tabs include 'index.html', 'Apps', 'YouTube', 'RHCSA 19th April...', 'RH294June2021Co...', 'Ultimate AWS Certif...', 'AWS+Cloud+Practi...', 'YouTube Playlist Le...', '(2) Java Collections...', and 'Red Hat Exam Sche...'.
